

FIELD TRAINING PROGRAM 2025-2026

SUPERVISOR TRACK

- This track is designed to provide advanced training on supervising an archaeological field crew for those with intermediate knowledge and previous field experience.
- Applicants are required to have completed a B.A./B.S. degree in a relevant field or be in good academic standing to receive one by end of academic year.
- Through the course, successful participants will gain skills and professional experience in a supervisory role under the guidance of an archaeologist currently qualified as a Field Supervisor.

COURSE DESIGN: Three Parts

Online Course 2 Weeks, Part-Time	<p>New Mexico Office of Archaeological Studies will provide a 2-week course to prepare participants for field work. The course will include approximately 20 hours of self-paced recorded content and live weekly check-ins. Curriculum will include:</p> <ul style="list-style-type: none">• Application of state and federal cultural resource laws in fieldwork and writing• Site documentation and NRHP assessment in a field setting• Working with descendant communities• Registering sites and activities• Understanding agency requirements for field methods• Ethics and best practices
Field Training 3 Days, Full-Time	<p>New Mexico Office of Archaeological Studies will provide 3-day, in-person field training on supervisory skills at locations across New Mexico.</p>
Field Experience 3 Weeks, Full-Time	<p>Program will place participants on 3-week field crews to gain professional experience on real projects across the state. Participants will complete task books demonstrating required skills. NMDA will seek to place participants on local projects that fit their location and schedule.</p>

TENTATIVE COURSE TIMELINE:

Course will be offered on monthly basis, subject to change based on logistics and enrollment
